

Peter, Peter Pumpkin Eater

Piano tab by RaeAnna Goss

This is a color coded tablature to help show the hand movements for the traditional Peter, Peter song. Students will use index finger (or any other finger taught by the teacher....a braced 3rd finger with thumb is also recommended to practice "pecking" the black keys.)

The hand illustration helps show which hand plays each black key. Practice crossing the RH over the LH as you move lower on the keys.
